

Adopt-a-Float Newsletter

Welcome to the Adopt-a-Float program! We are looking forward to having you join us as we watch the floats on their journey through the ocean.

Date: March 29, 2022

Number of Floats Deployed: 5 floats deployed, 4 more to go

Float of the Month!

In support of Ukraine, the float *Perseverance* was launched. Although the name was selected to reflect one of the four tenets of the school and the perseverance of scientists, those on board have opted to also honor the Ukrainian people. The dove of peace will be on all 9 floats launched from the RV *Polarstern*.

Update

PS129 is out launching SOCCOM floats - with five deployed and four more to go. Photos and videos for all floats will be posted on our Flickr page (see below). We have 14 GO-BGC floats heading out in early April along with 5 SOCCOM floats.

And we are opening up the competition for the 2022-2023 sticker - Here is last year's winning entry <https://www.go-bgc.org/news/adopt-a-float-sticker-contest-winner>. We would like NSF, the student first name, and the website on the sticker and we'd love to have one for GO-BGC and one for SOCCOM. Deadline extended to April 29, 2022.
