Adopt-a-Float Newsletter

Welcome to the Adopt-a-Float program! We are looking forward to having you join us as we watch the floats on their journey through the ocean.
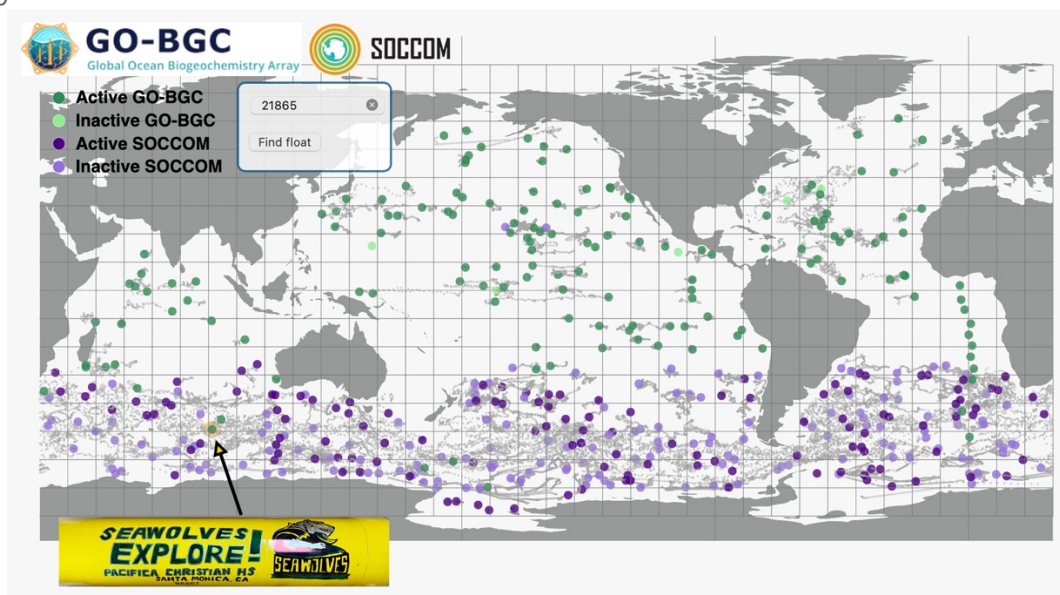

Date: March 22, 2024

Number of Floats Deployed: 159 GO-BGC floats deployed with 79 more scheduled!

Float of the Month!

So many blogs being posted right now!! https://www.go-bgc.org/expedition-logs and see the blogs from the A13.5 and the I08S expeditions! Many feature adopted floats. You can also follow us on Instagram and Facebook to catch the latest news.

Just a reminder that it might take up to two months for your float data to show up on the Adopt-A-Float viz site as the data are checked for quality control at that point and then posted. You can view data that has not yet been checked at the regular Float-Viz site.

We are excited to announce that we have added a new interactive map to the GO-BGC website that includes both SOCCOM and GO-BGC floats in one place! It is located directly below the GO-BGC interactive map on the website under Map Room > Float Locations & Data. You can see the location of Seawolves Explore in the map below, where you will find links to more information and data from the float.

Find your float information here: https://www3.mbari.org/gobgc/tables/GOBGC_Adopt-a-Float.html or https://www3.mbari.org/soccom/tables/SOCCOM_Adopt-a-Float.html
